

ADVANCE RELEASE

*Industrial Production Statistics (IPS)
Bangladesh Bureau of Statistics*

September /2009

Issue-03

This advance release is a regular publication of Bangladesh Bureau of Statistics (BBS). It presents the data on industrial production of selected industries and the indices of medium and large-scale manufacturing industries on monthly basis. The production index is one of the most important business indicators to have a good idea about the trend of industrial production in the country over a long time.

To assess movement of industrial production in Bangladesh, data are collected from State Owned Manufacturing Enterprises (SOEs) and major manufacturing enterprises in the private sector on a monthly basis.

I hope that this publication will provide valuable information and foresight to policy makers, researchers and concerned agencies. Comments and suggestions for further improvement of this report will be highly appreciated.
